Plz conduct more such workshops

It help me alot I never had cleft lip and palate patient I learnt alot and will surely attend the next workshop if conducted

Highly recommend this workshop to my colleagues.

It should have been done in two days , it was really tiring. And most of the participants got tired in the second half of the workshop.

Time was less for hands on

No

What did you not like about it?

responses

should cover on time

Nothing

No models for unilateral &B/L cleft were lesson number .I faced a little bit difficulty in that stage

It was just perfect

Everything was superb

Wel organised

Honestly I don't think so there is anything to not like. I loved it.

It was really good but way too long.
